

FREE
information
evening

**Talk @ The Venue, Gadbrook Road
Rudheath, Northwich CW9 7JL**

**Will the Peak Cluster Pipeline
come past your house?**

**Come along to hear
from the developers
and ask questions.**

**Speakers: Peak Cluster, Progressive Energy
& Lostock Sustainable Energy Plant (incinerator).**

**Peak Cluster is a proposed collaboration between cement
manufacturers in Derbyshire and Staffordshire owned by
Lhoist and Aggregate Industries, Breedon and Tarmac.**

**The plan is to capture the CO2 and transport it via
an underground pipeline to store beneath the sea in
depleted Morecambe Bay gas fields.**

**The pipe will come through Northwich to pick up CO2
from the Lostock Sustainable Energy Plant
which is currently being built on Griffiths Road.**

7pm - Monday 22nd April '24
